# RAVENTO SOFTWARE

Ravento launchPad Quick Reference

## -- Launch Your Applications Instantly

**Select a hard button for launchPad. Use this button anywhere to open/dismiss the launchPad window.**

Three ways to launch your applications: 5-way navigation pad, stylus, keyboard (Treo).

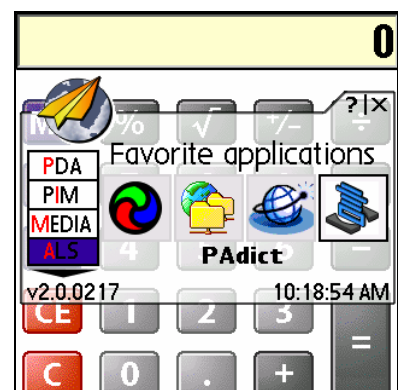

Drag-and-drop an application to reorder it or to place into another category.

Tap-and-hold an application or category to customize it.

Switch the keyboard focus using Treo "Space" or "Backspace" keys.

Add up to 10 customizable categories to launchPad window.
