pdaSports - NBA User Guide

Overview

pdaSports - NBA Schedule allows the user to view the schedule and store scores for the regular season.

Features

- View the schedule
- Sort the schedule by date or by opponent
- Enter game scores and view accumulated game statistics
- Share with other Palm™ Handheld Users
- Set a time shift to adjust to different Time Zones
- Note: Default times are Eastern
- Select among all installed schedules
- Select Fonts and Colors

Note: This software is shareware. The software is fully functional with the exception that until registered, it will only display the first 15 games. The registration fee is \$6.95 US.

Purchase information can be found at www.palmgear.com

System Requirements

To use pdaSports – NBA, you need a handheld running Palm OS® 3.0 or greater.

To use the Color features you need a handheld that supports color.

To use the High-Resolution Font features you need a handheld that supports High-Resolution.

pdaSports - NBA User Guide

How to Install

The following are the Palm Files included:

Required:

NBA.prc - This is the main application.

NBA- ***TeamName***-SCHD.pdb – where ***TeamName*** is the NBA team name

This is the schedule database. You must install at least one schedule database. However, you can install as many schedule databases as you like.

Optional:

- NBA Team Icons.

These files contain the small team logos that display on the Game Detail Form.

These are is optional. Only load one of these. Pick the correct resolution for you PDA. There is no cost for these.

Note: These are not included, but are available at www.meftek.com

- NBA Team Logos.

These files contain the large team logos that display on the Main Form and the Startup Form.

These are is optional. Only load the ones for the teams you have purchased. The rest are not needed. Pick the correct resolution for you PDA. There is no cost for these.

Note: These are not included, but are available at www.meftek.com

You can install the pdaSports - NBA application using the Palm™ Install Tool or by having someone beam it to you.

Once installed on your handheld, you can launch it by tapping on the *TeamName* icon from the Applications Launcher.

Technical Support

If you have any problems with the software, please visit our web site and check out our FAQ section. If you can't find an answer, email us at support@meftek.com and we'll try to solve your problem.

Usage

Main Form

This is the Main Form for the application.

From here, you can go to the Schedule Form, Scores Form or display the Information Form where you will be presented with a screen displaying additional information.

If more than one schedule is loaded, the drop-down menu will allow selection from all of the currently installed schedules. If only one schedule is loaded, the drop-down menu will not be displayed.

Optional:

If you have the Team Logo database loaded, the Team's Logo will replace the generic logo displayed here.

Schedule Form

Here is where you view the schedule. Tap on a game to display the Game Details Form. You can select the category to view. The can view All Games, Home Games or Away Games. You can click on the Date or Opponent header to sort the schedule by that column. Click on the Scores button to switch to the Scores Form. Clicking on the Options, Add to Datebook menu item will add all the games in the current category to the Datebook database.

If you have a color handheld, the Home Games will display in Green and the Away Games will display in Red.

DET - Schedule			▼ All Games
Date ▼	Time	Opponent	⌵

Set Colors Form

Here is where you can change the color of the background, text, and selection displayed in the tables in the Schedule and Scores Forms in your handheld.

Background:

The color displayed behind the text.

Text:

The color of the text displayed.

Note: You must have a handheld that supports color.

A screenshot of the "Set Colors" form. It has a purple title bar. Below the title bar, there's a section labeled "Background:". To the left of this section are five buttons: "Selection...", "Home...", "Away...", "Seln Text...", and "Home Text...". To the right of these buttons is a list of color swatches: "Selection" (dark blue), "Home Game" (light green), "Away Game" (light red), "Home Game" (light green), "Away Game" (light red), and "Home Game" (light green). Below the list is a "Reset Default" button. At the bottom are "OK" and "Cancel" buttons.

Select Font Form

Here is where you can change the font of the text displayed in the tables in the Schedule and Scores Forms in your handheld.

Note: You must have a handheld that supports high-resolution.

A screenshot of the "Select Font" form. It has a purple title bar. Below the title bar is a list of font options: "Tiny", "Tiny Bold", "Small", "Small Bold", and "Standard". To the right of each font name is a number: "6", "6", "8", "8", and "11" respectively. The "Small" option is currently selected. Below the list is a preview area showing the text "The quick brown fox jumped over the lazy dog." in the selected font. At the bottom are "OK" and "Cancel" buttons.

pdaSports - NBA User Guide

Preferences

Enable Scores - check this box to display score information and allow entry of game scores. Uncheck this box to remove the score information from related forms.

Enable Startup Screen - Check this box to display the startup screen when starting the application. Enter a delay in seconds (1, 2 or 3).

Enable Color - Check this box to display the schedule in color. It will display Home Games in Green and Away Games in Red. This is only available on color handhelds.

Game Time Shift - Set a value to shift the schedule time. This is hours and minutes to shift (positive or negative). This enables the schedule to display times correctly in different Time Zones.

Note: Default times are Eastern.

Registration

Enter the registration code obtained when you purchased the software. Once entered, the 15 game restriction will be removed.

To obtain a registration code, go to www.PalmGear.com for details. Registration fee is \$4.95 US.

Beaming

You can Beam the application, scores, team icons or the team logos to other Palm™ handheld Users. Just select the appropriate menu selection from any screen in the application to begin Beaming.

Note: If you are beaming team icons and you load both the color and black & white icons, you will only be able to beam the color icons.

Note: To beam the black & white icons, you must have only the black & white icons loaded to beam them.
